SOUTHERN DISTRICT OF NEW YORK**

RE: Voyager Digital Holdings, Inc. et. al.
Objection of Claim #1148 (Claim Identifier 1088)
Case No. 22-10943 (MEW) (Jointly Administered)

Dear Honorable Judge Wiles,

On Monday 27 March, 2023, the creditor in the above referenced case advised via electronic mail that they were objecting to my claim in docket number 1231 (filed on 27 March, 2023). The communication did not offer any reasons for their objection.

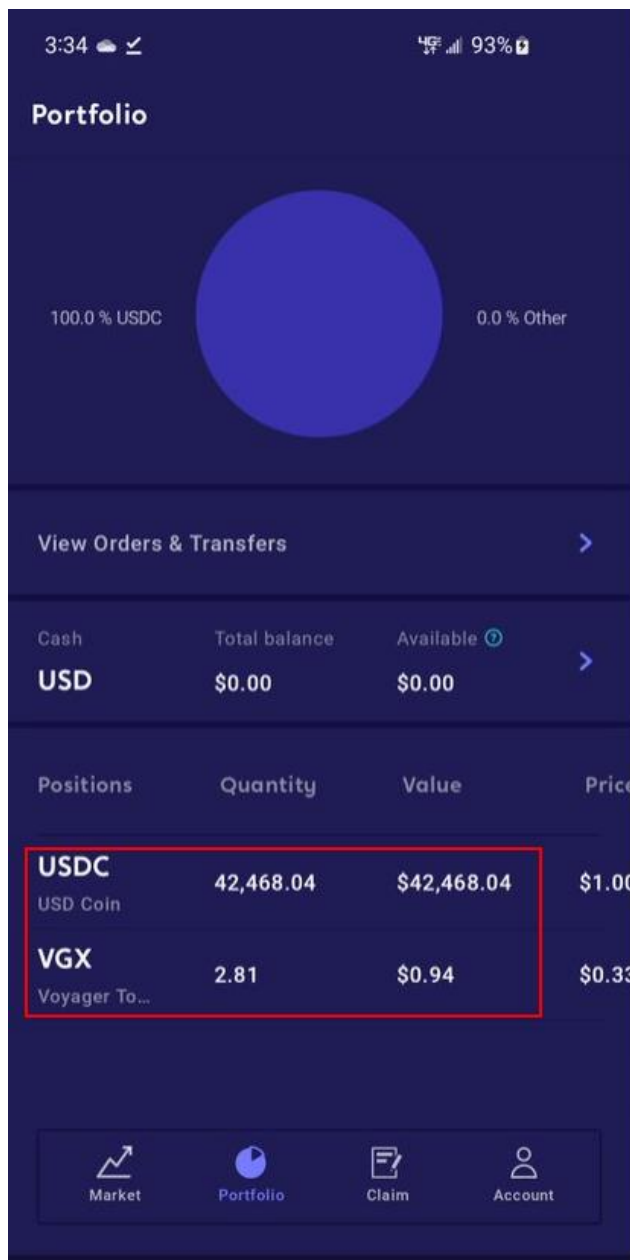

I would like to offer the attached screenshots from the creditor's own application which not only indicate transactions prior to 05 July, 2022, but also indicate the current value of my holdings on the Voyager platform. I respectfully disagree with the creditor's objection and humbly request your consideration in this matter.

Thank you for your time and attention.

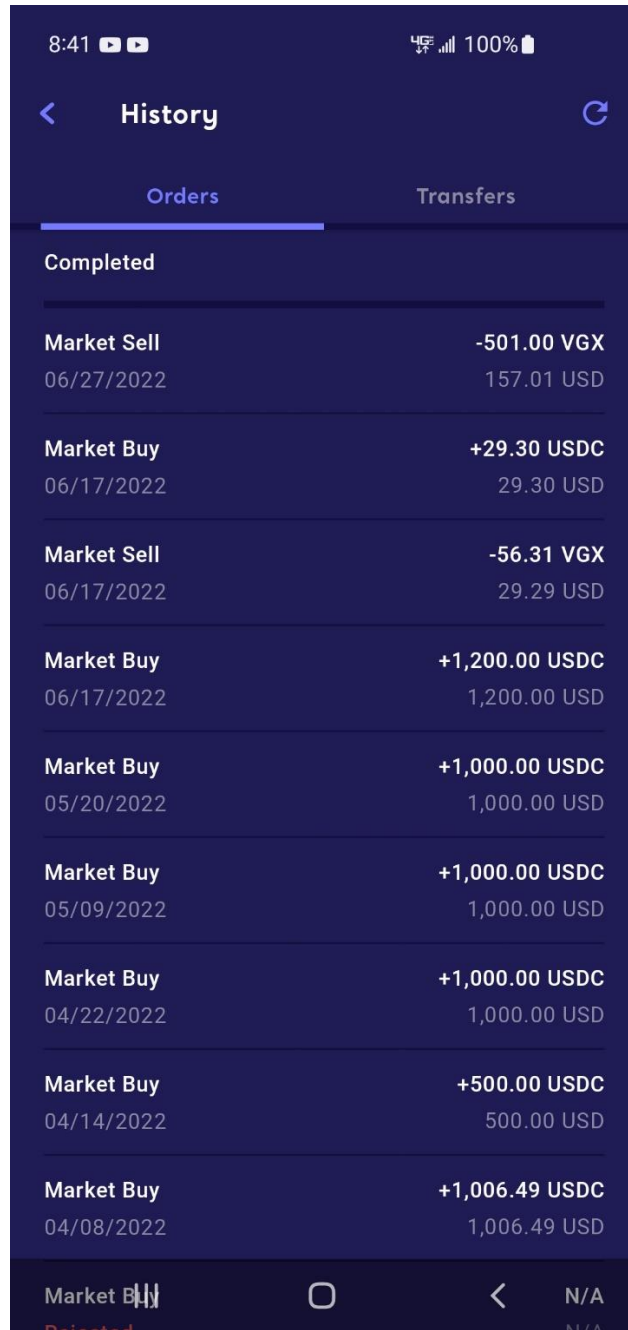

With Regards,

James Johns

The screenshot shows a mobile application interface with a dark blue background. At the top, the status bar displays the time 8:41, signal strength, and 100% battery. The app header includes a back arrow, the title 'History', and a refresh icon. Below the header are two tabs: 'Orders' (selected with a blue underline) and 'Transfers'. A section titled 'Completed' is followed by a list of transactions. Each transaction entry includes the type (e.g., Market Sell, Market Buy), the amount in cryptocurrency (e.g., -501.00 VGX, +29.30 USDC), the date, and the equivalent amount in USD. The transactions are listed in descending order of date. At the bottom of the screen, a navigation bar shows a home icon, a back arrow, and the text 'N/A'.
